## PINK & WHITE

Pink and white acrylics is the most popular look among women. It's durable, classic, shiny and ready to go, leaving you with a clean and natural look. Pink and white dry instantly and the polish never wears off. A non-yellowing formula is done in a double process with white powder for the free edge and two different shades of pink to choose from for the nail bed. It never turns yellow under the sun or tanning bed.

## DIP POWDER

Dip Powder is a nail dipping system that uses a brush-on gel base on the nail, which is then dipped in powder. The powder comes in natural pink and white for a french manicure look, as well as hundreds of colors. We guarantee the dip powder for 7 days without chipping, but many clients can go 2 weeks or more without chipping.
